ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Sandusky Metropolitan Housing Authority has prepared this Agency Plan in compliance with Section 511 of the QHWRRA of 1998 and related HUD requirements. The Plan this year consists of the Annual Plan for the fiscal year beginning July 1, 2005.

Revisions were made to the HCV Administrative Plan to assist the Agency in stretching its Voucher funds as far as possible in 2005, to assist as many families as possible. The revisions are included in this document.

Some of the payment standards were revised in July 2004 and again in October 2004 in order to utilize funds more efficiently at that time. These changes are continuing into 2005 for the same reason.

The Agency was designated Troubled by REAC in the Spring of 2004 as a result of the annual audit being submitted late two years in a row. A Memorandum of Understanding was entered into with HUD, deadlines concerning the 2003-04 audit were established, and the deadlines were met and completed on January 31, 2005.

Public Housing vacancies have been a concern, and an Improvement Plan was approved and adopted by the Sandusky MHA Board in February, 2005, setting goals to fill vacancies. The goals to be met by March 31, 2005, were completed.

For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

VOUCHER PROGRAM: Funding in 2005 will severely limit the number of families that may be added to the Voucher program in the 2005 calendar year. By the time the funding amount was announced by HUD in late January 2005, HAPs had been paid for January and were ready for payment for February. By February 1, the budget was already overspent by three percent (3%) for the first two months of the year. By April, units under lease as a result of outgoing portability will begin to be absorbed by the Bowling Green MHA. BGMHA's payment standards and rents are higher than Sandusky MHA's, causing those HAPs to be higher. (The average HAP for BGMHA in March was \$344, and the average HAP for SMHA for March was \$320.) With the BGMHA outgoing portability units removed from Sandusky MHA's "HAP roll", there may be a chance towards the end of the year that Sandusky MHA will be able to assist a few units in addition to the number being assisted in March 2005 (254 units).

The SMHA Board adopted revisions to the Admin Plan that will help stretch current funding to help as many families as possible. A copy of the summary of revisions is included in this plan (Attachment C).

PUBLIC HOUSING: Due to a high number of vacancies that were not turned around in a timely manner, the Sandusky MHA entered into an Improvement Plan with HUD in February 2005. By the end of March three (3) units have been re-occupied and the waiting list has been updated to include only currently interested applicants. Occupancy staff is currently screening over a dozen applicants for eligibility for other vacancies. Once the units are re-occupied, staff will make every effort to have the least amount of time possible between move-outs and move-ins for all future vacancies.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- ☒ Employ effective maintenance and management policies to minimize the number of public housing units off-line
- ☒ Reduce turnover time for vacated public housing units
- ☒ Reduce time to renovate public housing units
- ☐ Seek replacement of public housing units lost to the inventory through mixed finance development
- ☐ Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- ☒ Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- ☒ Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- ☒ Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- ☒ Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- ☒ Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- ☐ Other (list below)

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

- ☐ Apply for additional section 8 units should they become available
- ☐ Leverage affordable housing resources in the community through the creation of mixed - finance housing
- ☒ Pursue housing resources other than public housing or Section 8 tenant-based assistance. Efforts may be made to obtain funding for housing for disabled persons such as Section 811 funding or CAHP funding from the local MRDD board.
- ☐ Other: (list below)

Need: Specific Family Types: Families at or below 30% of median

Strategy 1: Target available assistance to families at or below 30 % of AMI

Select all that apply

- ☐ Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing
- ☐ Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance
- ☐ Employ admissions preferences aimed at families with economic hardships
- ☐ Adopt rent policies to support and encourage work
- ☒ Other:

The current waiting lists appear to have enough applicants to meet targeting requirements.

Need: Specific Family Types: Families at or below 50% of median

Strategy 1: Target available assistance to families at or below 50% of AMI

Select all that apply

- ☐ Employ admissions preferences aimed at families who are working
- ☐ Adopt rent policies to support and encourage work
- ☒ Other:

The current waiting lists appear to have enough applicants to meet targeting requirements.

Need: Specific Family Types: The Elderly

Strategy 1: Target available assistance to the elderly:

Select all that apply

- ☐ Seek designation of public housing for the elderly
- ☐ Apply for special-purpose vouchers targeted to the elderly, should they become available
- ☐ Other: (list below)

Need: Specific Family Types: Families with Disabilities

Strategy 1: Target available assistance to Families with Disabilities:

Select all that apply

- ☐ Seek designation of public housing for families with disabilities
- ☒ Carry out the modifications needed in public housing based on the section 504 Needs Assessment for Public Housing
- ☐ Apply for special-purpose vouchers targeted to families with disabilities, should they become available
- ☒ Affirmatively market to local non-profit agencies that assist families with disabilities when waiting list is open
- ☐ Other: (list below)

Need: Specific Family Types: Races or ethnicities with disproportionate housing needs

Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:

Select if applicable

- ☐ Affirmatively market to races/ethnicities shown to have disproportionate housing needs
- ☐ Other: (list below)

Strategy 2: Conduct activities to affirmatively further fair housing

Select all that apply

- ☐ Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units
- ☐ Market the section 8 program to owners outside of areas of poverty /minority concentrations
- ☒ Other:
- Market the HCV program to owners regardless of location (in or out of poverty/minority concentrations).

Other Housing Needs & Strategies: (list needs and strategies below)

(2) Reasons for Selecting Strategies

Of the factors listed below, select all that influenced the PHA's selection of the strategies it will pursue:

- ☒ Funding constraints
- ☒ Staffing constraints
- ☐ Limited availability of sites for assisted housing
- ☒ Extent to which particular housing needs are met by other organizations in the community

Much of this housing is rent subsidized and subject to meeting certain inspection criteria. Accessibility is a critical issue for elderly and disabled persons. All of these issues are addressed in Sandusky County's 2004 Community Housing Improvement Strategy (CHIS).

List of Revisions to S8 Voucher Administrative Plan, Feb. 2005

Chapter 4: Establishing Preferences and Maintaining the Waiting List

- Pg. 4-3: Eliminating from Part C., Local Preferences, the outgoing portability preference.
- Pg. 4-6: Eliminating the point value for the outgoing portability preference
- Pg. 4-3: Revising method of announcing changes in local preferences from "will be publicized using the same guidelines as those for opening and closing the waiting list" to "current applicants will be notified of changes by first class mail and notice will be posted in the Sandusky MHA main office entryway."
- Pg. 4-8: Clarifying language regarding method for applicant to keep application information up to date to read: "The notification (to update application information) must be put in writing or made in person and must be made within ten (10) days of the change taking place. Changes to the application cannot be made by telephone."

Chapter 5: Subsidy Standards

- Pg. 5-2: Revising a portion of Part A., Determining Family Unit (Voucher) Size, to change the criteria for bedrooms shared by the opposite sex to read: "Generally, the HA assigns one bedroom to two people within the following guidelines: Separate bedrooms should be allocated for persons of the opposite sex (other than adults who have a spousal relationship and children under age six (6).)" (The age for children was previously five [5].)

Chapter 8: Voucher Issuance and Briefings

- Pg. 8-7: Eliminating from Part F., Term of Voucher, any extensions past the mandatory 60-day period that HUD allows a Voucher to be valid.

Chapter 9: Request for Approval of Tenancy and Contract Execution

- Pg. 9-6: Adding a section to Part K., Contract Execution Process, which states that HAP contracts will begin on the first (1st) of the month and will not be pro-rated, starting in the middle of a month.

Chapter 12: Recertifications

- Pg. 12-4,5: Revising Part C., Reporting Interim Changes, to reinstate the requirement that families in the Voucher program who have income increases during the year must report them within ten (10) days of the change taking place. This includes both increases for existing household members and income earned by new members added to the household.
- Same pages/section as above: Add language stating that in order for a HAP check to be issued on the first (1st) of the following month reflecting an interim change, all paperwork necessary to complete the interim recertification must be in the SMHA office by the tenth (10th) of the month. Any documentation submitted after the tenth (10th) will delay the issuance of a corrected HAP check by one month. The HAP check may or may not contain retroactive payments, depending on the situation.
